April 11, 2007.

**P.C.**:

This Court has held in the Judgment and Order dated 18th December 2006 that a disputed question of title cannot appropriately be considered in the writ jurisdiction under Article 226 of the Constitution. Counsel appearing on behalf of the Petitioners has not been able to displace the finding by showing that it suffers from any error apparent on the face of the record. There is no merit in the Review Petition which is accordingly dismissed.
